TARIFF MEASURE

Chairman Payne Presents Completed Bill in House Yesterday.

TAFT IMMENSELY PLEASED

Payne Claims That Bill Revises Downward—Democrats Refused to Allow His Statement to Go in Official Record.

(By Wire to The Morning Star.)

Washington, July 30.—Entering upon the last stages of its consideration by Congress, the tariff bill as reported by the conferees was submitted today to the House by Chairman Payne and ordered printed in the Congressional Record. Discussion of the conference rport will begin at 10 o'clock tomorrow morning, the indications being that a day will suffice for its adoption.

There was apparent on all sides a feeling of relief that the long drawn out contest was about to come to a close, even though it had brought its disappointments and in many instances sadness and gloom.

The Republicans broke into loud applause when Chairman Payne read the conference report, as he did a minute or two after the House convened. Under the rule it went over until tomorrow for printing in the Record. Again the Republicans applauded when Mr. Payne said he hoped to dispose of the report before the House adjourns tomorrow. He did not wish, he said, to cut off debate unnecessarily. Not a single voice was heard in objection to a motion by him that for the purpose of giving ample time for discussion the House shall meet at 10 o'clock tomorrow morning.

Three hundred and fifty of the 390 members were in their seats when Chairman Payne passed up to the Speaker's desk with the bulky document which had occupied the attention of Congress for four and a half months, and then the Republicans broke out into loud applause. Mr. Payne will open tomorrow's proceedings with an exhaustive statement in explanation of the bill.

With the conference report out of the way for the time being, the House for nearly an hour and a half wrangled over some resolution increasing the clerical and labor force of the capitol. Adjournment was taken at 1:52 P. M.

The President's View.

President Taft expressed himself today as immensely pleased with the tariff bill as it finally was agreed to by the conferees last evening. It is known that he is not entirely satisfied with all of the bill, and he told several of his callers today that it would be the greatest miracle of the age if a tariff bill could be designed that would please everybody.

The President declared that there were a great many things about the bill that he was delighted to have had a part in, and that he would be equally delighted to sign and defend the measure in its finished state.

Without attempting to go into details, the President today declared that in a great many ways the new tariff law will be a marked improvement over the Dingley act.

The President pointed out as great forward steps the enactment of the Philippine tariff, the corporation tax, the establishment of a Custom Court, the adoption of the new maximum and minimum provisions, the establishment of a commission to advise the President in the operation of the maximum and minimum clause and on matters generally connected with the tariff.

The measure reported today has been in conference just three weeks.

Proceedings on the theory that the bill marks a general downward tendency from the present rates of duty, Mr. Payne presented, but did not read, an exhaustive analysis of its provisions. This statement, he said, had been prepared personally by himself and he asked to have it printed as an official document. There was objection, however, from the Democratic side and the printing was prevented for the time. In this statement Mr. Payne undertook to show there had been a marked decrease in the rates in the necessaries of life, while admitting that there had been an increase on some of the luxuries.

Probably the most marked reductions throughout any schedule in the bill as a result of the action of the two houses and of the conference committees are found in the metal schedule. Beginning with a decrease in the rate of iron ore from 40 to 15 cents per ton, there is a general reduction throughout that portion of the bill, pig iron going down from $4 to $2.50 per ton and scrap iron from $4 to $1.

The reductions on many of the items in this schedule amounts to about 50 per cent. and this reduction includes steel rails. There is an increase on structural steel ready for use and also a slight increase on razors, nippers and pliers, and on such new metals as tungsten.

Rough lumber goes down from $2 to $1.25 per thousand, with a corresponding reduction in the differentials on dressed lumber.

The entire cotton schedule was reconstructed and the phraseology greatly changed in the hope of preventing reductions through decision by the courts such as have characterized the administration of the Dingley law during latter years. In many instances the rates intended to be imposed by the Dingley law were cut by these decisions, reductions in some instances being from 60 to 80 per cent. ad valorem. It is estimated that the rates fixed by the bill are about 3 per

THAW CALLED DOWN BY JUDGE

Ruffled His Assurance of Leaving Mattewan Insane Asylum—Censured Him For Interfering With Lawyers—Hearing.

(By Wire to The Morning Star.)

White Plains, N. Y., July 30.—It was the judge, not the prosecutor who ruffled the assurance of Harry K. Thaw on the witness stand today. Exaggerated ego, "the insane delusion that the possessor is a person of supreme ability and importance," may prove the bar that will keep the door of the Mattewan insane asylum closed upon him.

When District Attorney Jerome finished his cross examination today Justice Mills put a series of questions that in the judgment of many were more pertinent than any of those asked during the 12 hours Thaw has been questioned.

"They are going to argue with me," said the justice, "that all the way through you have shown an 'exaggerated ego'. You have had the assistance of the ablest counsel, one of the leading attorneys of this county, but I have observed you constantly interrupt him and make suggestions. In your former litigations you have constantly changed your counsel. Why don't you trust Mr. Morschauser?" Thaw was non-plussed.

"But I do trust Mr. Morschauser," he replied. "Why didn't you trust your other lawyers—you a man unlearned in the law?" continued the court.

"Haven't you felt all the way through that you were better able to conduct this case?"

"No," answered Thaw, "except perhaps in the case of Mr. Hartridge."

Thaw admitted that if he had interrupted Mr. Morschauser, it was only because he wanted to make suggestions regarding the evidence and not because he felt qualified to take the case out of his attorney's hands.

The court's interrogations were made at the morning session after Mr. Jerome had resumed and concluded his examination.

Mr. Jerome dwelt further on the 'exaggerated ego' at the afternoon session. He quoted Dr. Britton D. Evans who had complained Thaw would not listen to arguments and could not be convinced. Another expert commented on a faculty of expression in the prisoner far beyond normal.

This line of argument is taken to indicate that the State will strive to belittle the prisoner's general creditable showing on the stand.

Thaw was worried today as he was before when the district attorney for the fifth time asked him to define his mental condition now and when he killed White. He held doggedly to the assertion that he had never been "medically insane" but that he might have been "legally insane" at the time of the shooting.

Mr. Jerome's examination lasted all the forenoon but on the whole Thaw matched his witnesses prompti.

Adjournment was taken today until Monday. When the hearing is resumed Mr. Jerome will continue the introduction of opinions of alienists and physicians and relatives.

When the district attorney is through, Thaw will be questioned by his lawyer.

Evelyn Thaw was in White Plains today but did not appear in the court room. Nothing tangible has developed in the report that she will bring suit for divorce.

OUTLINES.

The tariff bill as completed in conference was presented in the House of Representatives at Washington yesterday ,and it probably will be passed today. Chairman Payne claimed that it revises the tariff downward and President Taft says he is immensely pleased. It is believed that the corporation tax will yield $20,000,000 to $30,000,000 annually——Cotton advanced five points in New York yesterday and the weekly bulletin of operations the past week and prospectively is bullish. It is believed that there will be a short crop of 12,000,000 bales, while cotton goods exports are double and the world's needs of raw cotton are greater than ever before——Orville Wright yesterday accomplished his greatest feat with the Wright aeroplane by making the ten mile test flight from Fort Myer to Alexandria and back again——Thaw was yesterday questioned by Justice Mills and asked some pointed questions that ruffled his assurance of leaving the insane asylum——New York markets: Money on call easy 1 3-4 to 2 per cent., ruling rate and closing bid 1 7-8, offered at 2. Spot cotton five points higher closing quiet at 12.85. Flour market less active with prices nominally lower. Wheat weak, No. 2 red new 1.34 sales in elevator, No. 2 red nominal 1.14 3-4 end August, f.o.b. afloat. Corn easy, No. 2, 80 in elevator. Oats easy, mixed 53 nominal. Turpentine steady at 50 1-2. Rosin steady.

SEVERE EARTHQUAKE

Great Destruction and Loss of Life in Central Mexico.

CHILPANCINGO DESTROYED

Worst Earth Shocks in Quarter of a Century—Inhabitants in Stricken Territory Living in Open. Fear More Shocks.

(By Wire to the Morning Star.)

Mexico City, July 30.—With Chilpancingo destroyed and Acapulco partly razed and the loss of life problematical, Central Mexico from the Atlantic to the Pacific and from Querato on the north to Oaxaca on the south, an area of more than 1,000 square miles, was shaken at an early hour today by a series of the most severe earth shocks felt in the region for the last quarter of a century.

Reports telling of the loss of life are meagre, but the official figures thus far given show 14 killed and more than a score mortally injured.

While word comes from G. Poyros, an American commercial traveler at Chilpancingo, Guerrero, that that city was destroyed and the inhabitants are living in the open, suffering from the elements, the loss of life is not definitely known. The shocks continue at Chilpancingo tonight with subterranean rumblings and flashes of lightning rain and hail.

Acapulco, Guerrero, was partly razed, but the extent of the damage is not known as communication with that part of the Republic is not well established.

According to observatory records, the first shock was at 4:15 this morning, the oscillation being from east to southwest. It was severe, causing the bells of many cathedrals in Mexico City to toll, breaking crockery and in some instances levelling walls.

The inhabitants of the Capital had hardly recovered from the fright of the quake when a second and more severe shock caused an outpouring of nearly all the residents to the streets and open plazas.

This movement was of a twisting character and lasted with severity for 90 seconds. Tall buildings swayed and in some instances cracked, the pavement opened in places and in the poorer quarters a number of houses collapsed.

The large American colony escaped unscathed. They with the entire native population, remained in the plazas or squares until daylight gave them courage to enter their dwellings.

The property damage in Mexico iCty is slight. Some cathedral walls were cracked and scores of Adobe walls were sent to the ground, but the main business part of the Capital showed no signs of the severe shaking.

Officers of the observatory attest that Mexico City rests on old lake bed, the made ground acting as a spongy, jelly-like mass which neutralized the severity of the shakings.

DR. F. D. SWINDELL DEAD.

Well Known Methodist Minister Passed Away Yesterday Morning.

(Special Star Correspondence.)

Wilson, N. C., July 30.—Dr. F. D. Swindell, pastor of the Kinston Methodist church, who is well known throughout the State, was found dead at the home of his daughter, Mrs. C. P. Dey, in Beaufort, when she went to arouse him this morning at 6 o'clock.

Dr. Swindell has been in the Methodist Conference for many years and was highly esteemed by the members of that body, as well as hundreds of friends and acquaintances, with whom he had associated in his ministerial career.

The deceased was in his 62nd year and there are surviving him a wife and three children of the immediate family, these being Mr. F. D. Swindell, Jr., and Charles Swindell, of Wilson, and Mrs. Dey, of Beaufort. For five years he was pastor of the Wilson Methodist church, and had served at various places in the State, both as pastor and presiding elder.

The burial will take place this afternoon at Newbern.

SOUTHERN PINES BANK CLOSED.

Alleged Shortage of $15,000 Discovered in Absence of Cashier.

(Special Star Telegram.)

Raleigh, N. C., July 30.—The bank at Southern Pines was closed today by Assistant Bank Examiner W. L. Williams, acting under instructions from the Corporation Commission, pending an investigation by Bank Examiner Doughton, who went to Southern Pines tonight. There is, according to discovery just made by the directors, a shortage of $15,000, found in the absence of Cashier G. A. Kimgall, now on his vacation. C. B. Grant is president of the bank, and the capital is $10,000.

The cashier left on July 17th to spend his vacation at York Beach, Maine, and an apparent shortage of $15,000 was discovered. The cashier's books showed over $12,000 due by banks and bankers, but drafts on these been returned, with statements of no funds. Kimball stood high socially.

WRIGHT'S BEST FEAT

Aeroplane's Great Flight Broke All Speed Records Yesterday.

FORT MYER TO ALEXANDRIA

Accomplished Most Difficult Flight Plan For a Heavier-Than-Air Machine—It Was Government Test—Thousands Cheer.

(By Wire to The Morning Star.)

Washington, July 30—Orville Wright this evening attained the zenith of hard earned success. In a 10 mile cross country fight in the famous aeroplane built by himself and his elder brother, Wilbur, and accompanied by Lieutenant Benjamin D. Loulois, an intrepid officer of the army signal corps, he not only surpassed the speed requirements onf his contract with the United States government but accomplished the most difficult and daring flight ever planned for a heavier-than-air flying machine.

Incidentally he broke all speed records over a measured course. And he established beyond dispute the practicability of an aeroplane in time of peace and in time of war.

His speed was over 42 miles an hour; he made the ten mile fight from Fort Myer and back in 14 minutes and 42 seconds, including the more than twenty seconds required for the turn beyond the line at Shutter Hill, the southern end of the course. He attained a height in crossing the valley of Four Mile Run, of nearly 500 feet, and the average altitude of his practically level course was about 200 feet above the ground.

President Taft who has become an enthusiastic spectator of the aeroplane trials ,although two years ago, when Secretary of War, he is said to have expressed to officers, profound skepticism as to the accomplishment of such a feat as that of which today he saw the completion, arrived upon the parade ground at Fort Myer just in time to see the aeroplane land and to participate in the wild demonstration which welcomed the triumphant aviator. He sent an officer to bear his congratulations to the victors.

A terrific wind and rain storm early in the afternoon seemed providentially provided to clear and quiet the atmospheric conditions in preparation for the flight which was delayed by the failure of the army field telegraph line from Fort Myer to Shuter Hill. It was still out of commission when Orville Wright sizing the moment of the best weather conditions he had yet for the speed test, had the machine placed on the starting rail, and gave the motor a final test.

The engine worked perfectly, and the crowd seemed to realize that an epoch making moment was at hand. They pressed forward against the lines which held them back, breathless, intense, eagerly watching every moment of the aviator and his machine. The signal corps detail hoisted the great weight in the starting derrick which gives the machine its initial impulse.

Orville Wright inspected personally every detail of preparation. Wilbur walked about nervously, himself inspecting each minute particular of the machism upon whose fidelity depended his brother's life. Miss Katherine Wright, the devoted sister, made little concealment of her excitement. Indeed, she was one of the group which crowded so close to the machine as the crcial moment drew near, that as the crucial moment drew near, that step back.

Lieutenant Foulois, lithe, wiery, brown as a berry, in his khaki uniform and leggins, at a sign from Orville climbed into the passenger's seat beside the motor. Wilbur and Charley Taylor, Wright's mechanician, took their places at the propellers. Orville turned on the sparker of the motor and that whirled the blades around. The motor picked up the impetus. Orville turned on the speed, and for the first time the propellers of the Wright aeroplane were whirring at their maximum capacity.

The smooth and even sing of the engine aroused the crowd to excited cheering. Orville clambered into his seat and gripped the levels. Wilbur at a nod from his brother slipped the cable which released the weight, the aeroplane shot down the track, rose before it reached the end, and skimmed over the surface of the ground for a hundred feet or more.

As if drawn up by invisible power, the white winged man-bird rose, higher and higher, reached the end of the field, turned at a slight angle and faced about.

Hats and handkerchiefs were waiving, automobile horns were tooting, some over-wrought spectators event wept, as the great white creature turned again southward at the starting tower, and everybody in the crowd seemed intent upon giving her and her daring passengers a God-speed on their perilous trip.

Climbing up as it were on the air, higher and yet higher, Orville brought the machine at great speed once again fully round the field. Then with a short turn he swept about and started southward over the center of the drill field. "They're off!" a thousand voices shouted as one.

Like a giant bird, circling the sky until it marks its prey this man-bird, then darted off toward Shuter Hill five miles to the south.

Unwavering it kept its stranght course, and seemed to be rising oveil higher as it passed over the diverse and heavily wooded country in the distance. Soon it was a mere speck against the pearl sky above the horizon.

Suddenly the speck was lost to view and as the seconds passed a silence grew upon the crowd, a silence that spoke of deep concern. Wilbur Wright, standing with levelled glasses beside his siter, strained his gaze in effort to catch sight of the aeroplane when it should rise again above the sky-line. Seconds seemed minutes, and as the interval became seemingly alarming great bead of sweat stood upon his brow, and his agitation was evident.

Suddenly the speck came in sight again, over the distant hill. A cry swept over the watching crowd.

"There it is!" Everybody said it, and gave a sigh of relief.

On it came, growing with the seconds. It grew and grew, until at last almost every detail was visible. Before you knew it, they were home again over the drill ground flying low. At a height of perhaps twenty feet it swung round again to the stouthward, and landed easily far down the field. The task was done, and in triumph.

—"There's no use o' talkin,'" said Farmer Corntossel, as he sat down on the horse trough. "I can't git along with some o' these here summer guests." "What's the trouble?" "I have jes' been lectured by that good-lookin' young woman with glasses fur sp'liln' the color scheme of the garden by puttin' paris green on the vegetables."—Washington Star.

COTTON IS STILL ADVANCING

Bulls Playing Winning Game in the World's Markets—Believed That Crop is Short—Demand is Larger Than Ever.

(By Wire to The Morning Star.)

New York, July 30.—Mainly owing to unfavorable crop reports and a sold-out and oversold condition of the market cotton prices after some irregularity, advanced sharply during the week. The drift of the crop advices is such that very many look for a bullish government report next Monday. The July condition was 74.6 and the August condition sometimes falls considerably below that of July. The question is whether the recent rains in Texas and some improvement east of the Mississippi may not have caused some increased condition during July. Some traders think they have. Many, however, inclined to the belief that there has been little or no improvement and if it turns out to be so, much higher prices are inevitable. Special newspaper report of late have been of a kind to stimulate bull speculation. They have come from the Carolina, Georgia, and Alabama as well as from Mississippi and Louisiana and talk of a crop of only 11,500,000 to 12,000,000 bales has grown louder, based on the axiom that an August condition below 80 per cent, has invariably meant a small crop.

It is true that the acreage is now some 32,000,000 as contrasted with an area in former years of 25,000,000 to 30,000,000, but it is worthy of remark that even in 1907 with an area officially given as 32,060,000 and an August condition of 75—about what is now looked for—the crop was only 11,375,000 bales. Crops of 13,500,000 bales and over in the last five years have only been raised in years when the August condition was at 82.9 to 91.6. The previous high record crops of about 11,250,000 bales in 1897 and 1898 on an area of 24,275,000 to 24,967,000 acres were produced on August condition of from 86.9 to 91.2 per cent., but low August conditions have never yielded good crops. Meantime, speculation is on the report from Washington on August 2nd. Even if bullish, it may be followed by reaction in prices but the concensus of opinion is that a report pointing to a relatively small crop, that is 12,000,000 bales or below, will be the signal gun for another outburst of bullish speculation.

Meantime, trade is slowly improving. Exports of cotton goods are more than double those for the same time last year, spinners' takings run well ahead of those of last year week by week, and the visible supply is decreasing much more rapidly than a year ago. On the other hand, existing supplies are still large, spinners in many cases hold aloof, Europe insists that its trade is poor and the price of raw cotton is at least relatively if not absolutely high.

Late in the week price changes were confined to rather narrow limits because of the extreme nervousness and uncertainty regarding the Government report. Western houses and commission houses sold for profits, whereas Wall Street was buying. For a time firmness was created by the National Ginners' report making the crop condition 71.7 per cent. which was followed by an estimate from a local statistician of 71 per cent. Later a prominent commission house placed the condition at 73.8 per cent.

On the other hand, while many had expected another local statistician to issue a bullish estimate, the figures were found to be 75 when the report finally came out. Liverpool reported a large spot business at a material advance.

The wily and wiry Sexton, the lad of the pleasing countenance and strong arm, pitched and hit the Sailors into third place and within one point of second position in the percentage column, by winning his game yesterday with Goldsboro, score four to nothing. He yielded but four hits to the Giants and with his own little willow batted out two of the six safeties given by Stoehr on the slab for the visitors. These four hits yielded by Sexton came only one in an inning and at critical points his support by his teammates was superb, the support given Stoehr being rather ragged.

Mr. Thompson, of Goldsboro, umpired the game and gave very general satisfaction. Neither Smith nor Ross were in the game, the latter being out for several series on account of the broken finger sustained at Wilson and Capt. Smith being still laid up from the injury received here last week. The team is now on a solid footing, financially and otherwise, and the game yesterday was an earnest of what Wilmington hopes to do for the remainder of the season.

Smith, first up for Goldsboro, was out second to first, but Murphy next up, singled to left and took second on throw-in, Nichols having missed the ball, but after Sharp had sacrificed him to third, Crockett was out second to first. Wilmington repeated the performance in its half of the first, for after Nichols flew to short, Guerrant singled to centre and stole second but Brodie popped out to second, Guerrant being doubled at second.

In the second, Doak flew out to left; Gettig and Pritchard out pitcher to first. Wilmington started the runs in the last half with Levy safe on error of Crockett, after which he was sacrificed by Sharp, catcher to first, advancing to third on Jayes' single over short, scoring with Jayes on Sexton's hit to pitcher too hot to handle and pitcher's wild throw to first, Sexton going to second but being caught at third, Kite having fanned in the meantime.

Fulton and Stoehr fanned in succession for Goldsboro in the third and Smith was out on long running catch of foul by Guerrant. For Wilmington Grainger and Guerrant fanned, Nichols flew to second.

In the fourth it looked squally for the Sailor craft when Murphy drew a pass and Sharp hit too hot to third, but Murphy was out at second; Crockett then hit to short, who threw to second but the umpire called both runners safe; Doak hit to third, forcing Crockett and with Gettig up Doak was out attempting second. Wilmington: Brodie flew to centre; Levy out pitcher to first, Sharp short to first.

Gettig fanned in the fifth, Pritchard was out second to first, and Fulton fouled out to Kite on pretty catch for Goldsboro. Wilmington: Jayes whiffed; Kite out third to first; Sexton flew to centre.

Smith got a hit to left after Stoehr flew to Brodie in the sixth, but Murphy was out at first unassisted; Sharp was hit by a pitched ball but Crockett was out second to first. For Wilmington Grainger drew a pass; Nichols hit slow by the pitcher and both runners were safe, but Guerrant hit to pitcher who doubled Grainger at third; Brodie fanned.

In the seventh Doak flew to left; Gettig was out third to first; Pritchard flew to centre. Wilmington sealed the hopes of Goldsboro when Levy hit a high fly to Crockett and went to second on his error; Sharp then sacrificed and after Jayes fanned, Kite clouted a long one to left for two sacks and Levy scored. Sexton then cracker another one to left and Kite, who had already stolen third, came home; Grainger got a pass after Sexton stole second, Nichols was hit by a pitched ball but Guerrant flew to second.

It was again squally for the crew in the eighth when Fulton started the period with a bingle to right and Stoehr was safe on Nichols' error, excusable for the reason that he had received a bad injury in the former inning by being hit by a pitched ball on the arm. But Smith hit to short and Fulton was out at third, Sharp saving

EDITOR-MANUFACTURER.

The Star yesterday had the pleasure of a call from a real live Georgia editor and manufacturer. He was Mr. J. Lindsay Johnson, editor of the Rome Tribune-Herald, published in an up country Georgia city which Editor Johnson believes is destined to curl the wool over such accidentally located places as Atlanta.

Editor Johnson is a live number, and is a fine writer and good talker. That is not all. He is a promoter and propagandist of industry and a captain of industry. He is the head of a family which owns a woollen mill near Marietta and it is doing a unique as well as successful business. The Georgia farmers produce the wool and the Johnson mill, or rather the Concord Woollen Mill, spins and weaves it into cheviots and suitings that are becoming famous. The unique feature, however, is that the factory has its own cutters and tailors and when the cloth comes from the looms it is manufactured into pants, men's tailormade suits and ladies' tailormade skirts and suits. The mill litterally takes the wool from the sheep's back and puts it on the man's back. Probably this is the only factory in the South where the raw wool is turned into cloth and the product manufactured into clothing, all under one roof. The present capacity of the mill is 100 suits a day and the clothing and dressmaking department gives employment to a "bunch of rosy-cheeked Georgia girls" as Editor Johnson called them with an evident swelling of pride.

Editor Johnson's factory has only recently added the clothing making feature and that was done because of the popular demand for it. The cheviots and jeans turned out by the mill are in many paterns and they are first class goods in looks and quality. They have long been shipped North and South to a regular line of customers, and their popularity and reputation have been established long ago. It was the Concord Woolen Mill that produced the jeans suit in which Governor Joe Brown, of Georgia, was nominated, and speaking of jeans it was nothing common either but a real handsome piece of goods. The mill turns out all wool or mixed cotton-wool productions, and the paterns are pretty and the cloth is of a quality that lasts like rawhide. It has old time Southern honesty in it and is strictly a home production out and out. A lot of Georgians won't wear anything else, for the Concord mill suits fill the bill for Sunday go-to-meeting clothes as well as for every day. Men's neat suits are sold at $12.50 and women's suits at $8.00, this feature being a mail order business.

Editor Johnson uses his newspaper to boost home industries and furnishes a practical example of a home industry that is making good. He has in charge of the factory his son, Mr. J. B. Johnson, who is a graduate of the Georgia School of Technology and who took a textile course that fits him for the position.

More Southern young men should be trained to take places in our manufactories, and the South should have more factories that will utilize the abundant supply of raw material to be delivered at their doors.

ADVANCE AGENTS OF PROSPERITY.

Mr. E. H. Harriman is coming back from Europe. He says he feels like a three year old. The reason probably is that he has seen accounts of the 3,000,000,000 corn crop, and that tremendous wheat harvest, and he knows that there will be something doing on his railroads. He also knows that the cotton crop is in demand at 10 to 13 cents, and he has a railroad line that will carry cotton to Savannah, the third coton port of the United States. The prospects for traffic look good to the railroad magnate and consequently he is beginning to feel his oats.

Mr. James J. Hill, another great railroad man, is also feeling good and predicting a steady revival of business. The optimistic views of Mr. Henry Walters, of the Atlantic Coast Line, have already been published in The Star. His remarks referred especially to the outlook in the South, and, as he is a far-seeing man, his forecast has given great encouragement throughout the country. All the signs indicate that Mr. Walters had made a correct diagnosis of the situation.

That business in the United States is resuming prosperity proportions, it is only necessary to note that the United States Steel Corporation this week advanced its dividend to 3 per cent., and its balance sheet for the first quarter this year show net earnings of $7,000,000 over the corresponding quarter of the Roosevelt panic year of 1908. This indicates the tremendous revival in the iron business which has long been considered an index to a renewal of business activity.

Now comes the statement that the railroads of the United States have been getting all available cars in condition for service and it is really feared that we are to have another car shortage. The strong probability is that the fear of a car shortage is well founded, for if the railroads found it difficult to move the country's production and manufactures in 1907, how will it be in this year of grace 1909, when the crops as an aggregate are the largest ever produced in the United States?

The prospects look good to The Star.

THAT TARIFF BILL.

President Taft's administration had pretty easy sailing till that extra session of Congress convened and he was brought face to face with the revelation that his party in Congress was opposed to his declaration and the party's promises for tariff revision.

The Star's dispatches announce that the Payne-Aldrich tariff bill is now completed and only a few days more will be required to formally enact it into law. So far as the bill is concerned it will stand as outlined in this Morning's Star. At Washington yesterday, Mr. Payne gave out a statement of the features of the bill, and just as was expected, he claims that generally it revises the tariff downward. If it is a revision downward, and it doesn't have any appearance of it, it can be said that the Republican majority in Congress is not responsible for it. What measure of downward revision it embraces was the result of the insistence and demands of President Taft, and even before the conferees would yield to him they held out in a conference lasting three weeks. The boast of revision downward on the part of Representative Payne, therefore, has about it a striking tinge of absurdity.

The method of instruction at the farmers' institutes being held in North Carolina this Summer are in advance of anything heretofore undertaken at these gatherings of farmers. In Eastern North Carolina the drainage question is an exceedingly important one, and Congressman Chas. R. Thomas, with his usual foresight, has induced the authorities at Washington to send a drainage expert to the institutes to be held at Newton Grove, Sampson couny, August 7, Salemburg, Sampson county, August 10, and at Burgaw, August 12.

It has been discovered that the West is not getting its share of Federal offices. Heretofore we thought it was only the South that was not given its proper place at the pie counter. At present The Star is insisting for more pie for the South and it is hardly necessary to state that we have the endorsement of North Carolina Republicans—and Democrats who will take any office that a Republican can't get.

Former President Roosevelt is still interested in the work of the commission which he appointed for the uplift of the farmers. Let the commission do something to get the farmers 15 cents for their cotton and the farmers will see about the "uplift" themselves.

During the riot in Barcelona, Spain, on Tuesday, "many innocent by-standers were shot." We innocent by-standers everywhere ought to form a union and let the shooters know that we are not going to stand for all this shooting.

Says the Charleston News and Courier: "The Mayor of New Haven returned to that city for a short visit recently and the papers published addresses of welcome." Probably it was all meant to reflect on the Mayor's sub.

After having dined several times with President Taft, the tariff conferees will now realize that the President got them around his table in order to stuff them to the finish with his ideas on tariff revision.

The consumers will have to get even by consuming less—of something that they can get along without.

CURRENT COMMENT.

—The Hon. William Sulzer, of New York, writes that 'the people are tired of being humbugged.' The Star hopes it's so but concurrence in the allegation will be strictly reserved till they quit putting a Republican administration in power at Washington.—Wilmington Star. And until they do so we will continue to believe that Showman Barnum knew more about the people than does Congressman Sulzer.—Charlotte Observer.

—The Wilmington Star is on the right track. It prints an editorial on the subject of the tariff discrimination, which, it says, is written "partly in reproach of the newspapers which are now too late to join the movement for a tariff measure that should not be allowed to do injustice to their section, but secure a square deal for the entire country without discriminating against any section, North or South. The North Carolina Senators and Congressmen saw a long way ahead of their critics." And time is going to prove the soundness of The Star's contention.—Charlotte Chronicle.

—Lieutenant Governor W. C. Newland was in Salisbury this morning on his way to his home in Lenoir from eastern North Carolina, where he has been with the special legislative committee appointed in February to examine and report on conditions and make recommendations as to the need of the fishing industry. Governor Newland is convinced that a bureau of fisheries should be created and its directors given certain powers with reference to seasons and other questions relating to the industry, which has become so diversified that it is impossible to enact any general law that would do justice by all.—Salisbury Post.

—That was a remarkable incident in North Carolina yesterday when on the patriotic soil of Moore's Creek Battleground a monument was unveiled to the memory of the Scotch Highlanders who were defeated there by the men who led in the struggle for American Independence. When the Scotch who came to America sailed from the old country they had been compelled, as a result of defeat in the battles in their native land, to take an oath never to take up arms against the King of England and to fight for the King when called upon to do so. The North Carolina Scotch were confronted with their oath when the Revolution came. At Moore's Creek these Highlanders kept the vow they had taken and fought for the King. For years there was war and feeling growing out of the adherence to this oath, and the soldiers who won at Moore's Creek would scarcely have forgiven their foes. But these Highlanders and their descendants have shown themselves brave and patriotic, and in 1909 a monument is erected to commemorate the courage of the men who fought for the King.—Raleigh News and Observer.

TWINKLINGS.

—She—Did he say he knew me when I was a girl? He—No; he said he knew you when he was a boy.—St. Louis Times.

—"Yes, I tell my wife everything." "Well, I wish you'd cut it out. She comes and tells my wife, and then I'm in bad."—Cleveland Leader.

"So Mrs. Jorkins is dead." "I hadn't heard of it. How did you know?" "I didn't hear positively, but I overheard Jorkins say in a street car that he intended to dispute her will."—Baltimore American.

—"Engaged to that beautiful girl, and yet not happy?" "Well, she's gone in by turns for rowing, and tennis, and horses, and golf, and dogs." Say on" "Sometimes I wonder if I am a sweetheart or merely a fad."—Louisville Courier-Journal.

—"Say, ma, who did the baking today?" asked Farmer Wheatly. "Jane, my dear," answered Mrs. Wheatly. "Humph!" snorted Wheatly. "Do you know I've heard a good deal about that college bred, but I must say I don't think much of it."—Detroit Free Press.

—"There's no use o' talkin,'" said Farmer Corntossel, as he sat down on the horse trough. "I can't git along with some o' these here summer guests." "What's the trouble?" "I have jes' been lectured by that good-lookin' young woman with glasses fur sp'iln' the color scheme of the garden by puttin' paris green on the vegetables."—Washington Star.

Life 100,000 Years Ago.

Scientists has found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and $1.00. Guaranteed by R. R. Bellamy. Trial bottle free.

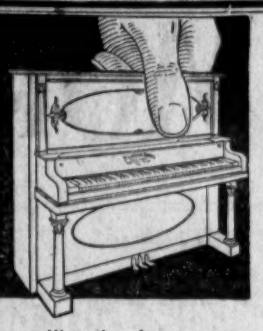
There's $113.00 in this Piano For You



NEVER before has there been devised a piano-selling plan that saves you so much money or offers such opportunities for free musical education as the Ludden & Bates Piano Club. Join it and you save one-third your piano money—$113—in cash. We sell you for only $287 an elegant cabinet grand piano equal to any $400 piano made, and include with it a complete course of instruction without a cent additional cost. You pay $25 when you become a club member and the balance on easy payments.

This wonderful club offer is due to our plan of selling 100 pianos at a time instead of one. By our plan it costs but little more to sell one hundred than to sell one; besides we are wholesalers and sell to you at the wholesale price, saving the dealer's profit—and all this tremendous saving in selling cost is divided with you.

The Ludden & Bates New Scale PIANO

is backed by a lifetime guarantee to be perfect in every respect—thousands of satisfied customers, many in your neighborhood, will tell you this.

You run no risks in joining this club. If the head of the family dies, we cancel the club contract and give you the piano without payment of another cent. You have everything to gain and nothing to lose.

The Ludden & Bates Club Piano is a full cabinet grand with special copper-wound and steel strings, perfect scale, light, even touch, genuine ivory keys. Magnificent cases of first grade walnut, mahogany or oak. Rich, clear, "singing" tone found only in highest grade pianos.

Write us at once for application blank and description of our club plan. Our experts will select any piano you desire and we'll stake our reputation on furnishing a perfect instrument. Stool and scarf free. Write to-day, as club is now forming.

AFFAIRS AT STATE CAPITAL

Governor Issues Pardon And Refuses Others—Charters—Looking After Scotch Lads in This Country. Other Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 30.—Governor Kitchin pardons Henry Vincent, serving 14 months in Orange county for stealing a pocket book containing $7.50, the pardon being because the prisoner in in the last stage of tuberculosis.

Three petitions for pardon are refused: Buie Lutz, serving five years from Burke for horse-stealing; Colie Fisher, Rutherford, serving four years for manslaughter; Rufus Cannon, Cabarrus, serving eight years for manslaughter.

A charter is issued for the Burruss Metal Roofing Co., Charlotte, capital $10,000 by G. H. Brockenborough, Jr., Francis Hutchison, W. A. Maudlin, Jr., and others. Another charter is to the Educational and Missionary Afro-Christian Convention, of North Carolina, principal office at Raleigh. Incorporators are a number of the most active workers in the colored Christian church in and out of the State.

Moses Speaks, an insane patient received at the State hospital here from Greensboro about a month ago, escaped Wednesday night by prizing off the metal net guard from his second story window and letting himself down with a pair of sheets tied together. He had not bee violent since coming to the hospital although he is said to have manifested violence a number of times before coming. A close watch is being kept between Raleigh and Greensboro in the hope of locating him.

Edward Bayley, of Edinburg, Scotland, is here looking after the interests of some 40 or more Scotch lads that were induced through him, by the State Board of Agriculture, to emigrate to this State. About 30 of them are located on farms in avrious parts of the State principally around, Wilmington, Newbern, Fayetteville, Lumber Bridge, Charlotte and Asheville. He will go to Wilmington especially to see Newton Fisher, with Alexander Sprunt & Son.

First Cargoes in Years.

During the past few weeks the Hilton Lumber Company has shipped three cargoes of lumber by schooner, consigned to northern markets, which are the first shipped by this company in about five years. The schooner Joel Cook, Captain Loveland, cleared Thursday with cargo of 563,154 feet for New York. This is one of the largest cargoes of lumber of the season.

Visiting at Fort Caswell.

The steamer G. W. Getty, of the quartermaster's department of Fort Caswell, made a special trip to the city Thursday for Mrs. Brown and child, of New York, who will spend some time at the fort on a visit to Col. and Mrs. H. H. Ludlow. Mrs. Brown spent yesterday here and left for Caswell on the Getty in the afternoon.

—Mount Olive Tribune: The most interesting piece of news the Tribune has to offer this week is the announcement that a company has been organized here, with a capital of $20,000, for the purpose of manufacturing fruit and truck packages on an extensive scale. It will be known as the Mount Olive Manufacturing Company, and the stockholders are Messrs. John R. Bell and L. A. Bird, of the Bell Lumber Company; Capt. J. H. Pierce, and Mr. H. C. Hatcher. All arrangements for the new enterprise are now being made, and it is expected that the plant will be in full operation by the middle of August. With the formation of this new company the Bell Lumber Company will abandon the manufacture of lumber, and a part of their machinery, together with that used by Messrs. Pierce and Hatcher in the manufacture of crates and fruit packages, in which they have been engaged for some time on a small scale, will be used in theequipment of the new plant which will occupy the site upon which the Bell Lumber Company is now located. All the new and modern machinery and equipment necessary for the new enterprise will be installed immediately. Messrs. Pierce and Hacher will have the active management of the plant. The company expects to manufacture strawberry and huckleberry crates, cantaloupe crates, potato barrels, bean baskets, etc., with a view to doing business of from forty to fifty thousand dollars per year. The plant will employ a large number of hands, and will be an important factor in the future industrial life of Mount Olive and this section.

A BOLD ROBBERY.

Negro Ransacks Home of Mr. Monte Hewett on Queen Street.

The residence of Mr. Monte Hewett, No. 2 Queen street, was burglarized yesterday morning between 10 and 11 o'clock by a young negro, who was observed by Miss Lillian Hewett before he left the building. She met the negro in the dining room as he was making his way out of the house after ransacking several rooms upstairs. He had in his hands a pair of trousers taken from the room of Mr. Baxter Ozment, assistant foreman of The Star, who rooms there, which was secured while Mr. Ozment was asleep. The negro threw the trousers down and asked for a piece of bread, at the same time moving out of the house at a rapid gait. Upon investigation it was found that the negro had ransacked Mr. Ozment's room and Mrs. Hewett's room, securing $2 from Mr. Ozment's trouser pockets. He evidently carried the trousers to the bath room to search them for money, Mr. Ozment's pocketbook being found there. Both Mr. Ozment and Mrs. Hewett had several pieces of valuable jewelry in their rooms, but the negro appeared not to be looking for jewelry. The supposition is that the negro entered the house between 5 and 6 o'clock yesterday morning and remained in hiding until later in the day. Mr. Hewett goes to his work at 5 o'clock in the morning and it is thought the negro entered the house shortly after he left. Mr. Ozment went in about 7 o'clock and it is believed that the negro was in his room at the time, hidden under the bed, waiting a suitable opportunity to emerge and ransack the house.

PYTHIAN ORPHANAGE

Grand Chancellor Hackney Issues Call For Meeting of Trustees.

Grand Chancellor Geo. L. Hackney, of the Grand Lodge, K. of P., in North Carolina, has issued a call for a meeting of the trustees of the Pythian State Orphanage to be held at 6 o'clock on the evening of August 5th, at Durham, to decide definitely on a site for the Home. It is expected that several cities will put in a final bid for the location of the institution and all such should be sent in at once. The committee is composed of the Grand Chancellor as chairman; Rev. P. R. Law, Charlotte; Messrs. G. Herbert Smith, Cronly; Thos. H. Webb, Duke; and J. D. Pridgen, Durham.

Before the Recorder.

Before Recorder Furlong yesterday morning Georgianna Floyd, colored, was found guilty of disorderly conduct and fined $5 and costs. Estelle Johnson, colored, was found not guilty of an assault upon the Floyd woman. A short time later the Floyd woman was found guilty in Justice Harriss' court of assault upon Estelle Johnson and was fined $5 and taxed with costs. She will also be tried before Justice Harriss for slandering the Johnson woman. A case against John H. Whiteman, colored, for cruelty to animals was called in the Recorder's court, but was continued until today, the prosecuting witness being absent.

ARE STILL AT LOGGERHEADS

Much "Mooted" Question of Cleaning Streets and Removing Garbage and Trash by Contract Not Yet Settled.

A joint meeting of members of the Board of Audit and Finance and the Streets and Wharves Committee of the Board of Aldermen was held yesterday afternoon, and for more than an hour the comparative cost of cleaning the streets and removing garbage and trash by contract and by the city was discussed, at the conclusion of which the much "mooted" question stood about the same as it was before the meeting.

The matter will be brought up again at the regular monthly meeting of the Board of Aldermen Monday night. The Board of Audit and Finance will not concur in the appropriation for the work to be done by the city unless it is shown that the city can do the work cheaper and just as good as is being done by contract, and is of the opinion that the Streets and Wharves committee of the aldermanic board has not supplied it with the desired information. The chairman of the Streets and Wharves committee and the chairman of the Sanitary committee say they have given the Audit and Finance board all the information they have upon the subject. They say that the work cannot be done any cheaper but they think it would be done better under the direct supervision of the city.

The meeting was called to order shortly before 4 o'clock and Mayor Walter G. MacRae was asked to preside. There were present from the Board of Audit and Finance, Chairman M. J. Heyer, Messrs. H. C. McQueen and Jesse Wilder, and from the Board of Aldermen, Fred W. Bonitz, Esq., and Mr. S. J. Ellis, Capt. Thos. D. Meares, clerk to the Board of Audit and Finance, was asked to act as secretary of the meeting. The object of the meeting was briefly stated by Chairman Heyer, who also stated that in view of the reference made the day before to the manner in which the work was being done by the contractors he had asked Mr. John J. Furlong and Mr. J. M. Woolard, of Furlong & Co., and Mr. W. D. McMillan, Jr., to be present at the conference.

Alderman Bonitz said that he understood that the Aldermen were the executive body and that the Board of Audit and Finance was in control of the finances of the city. The Aldermen had decided to abolish the contract system and the committee had asked for the amount of money it thought would be needed to carry on the work, and that it was now up to the Board of Audit and Finance to say whether or not it intended to concur in the appropriation. He was strongly opposed to doing municipal work by contract. His committee was unanimous in favor of the city doing the work and Mr. Ellis' committee, with one exception, was in favor of the proposition. Mr. Heyer asked that in the event a contractor bid to do the work for $16,000 and it was afterwards ascertained that it would cost the city $20,000 to do the same work, would the committee favor the city doing it? Both Mr. Ellis and Mr. Bonitz said that they would have to have conclusive proof that it would cost the city that amount. Mr. Heyer stated that the contractors gave bond for the amount of the contract which safeguards the city. Alderman Ellis made a lengthy statement regarding the way the work is being done and stated in addition that there was a misunderstanding as to what constitutes trash. In response to a question from Mr. Heyer both Mr. Ellis and Mr. Bonitz said that they thought the city could do the work just as efficiently for the same amount of money paid to a contractor.

Dr. Joseph Akerman, city superintendent of health, made a brief explanation of the statement he made on Thursday regarding an epidemic of typhoid fever. He said that he did not mean to reflect upon the way the contractors were doing their work—merely pointing out that there was some defect in the system. He stated further that he did not mean to convey the idea that unless there was a change in the present manner of doing the work the city would be in the midst of a typhoid fever epidemic within six weeks. He meant that in the event the boards failed to agree on anything and work was ceased, this condition would be brought about.

Mr. Wilder told the Mayor that if the work had not been done satisfactorily it should have been reported to his Board and the payments would have been held up. Mr. Wilder asked Mr. Ellis why he had not reported the unsatisfactory class of work being done. He replied that he thought it was evident to all. In reply to a question from Recorder Furlong Mr. Ellis said that he had never made a complaint that was not attended to. Alderman Ellis and Bonitz then stated that they did not know of any violation of the contract by the contractors.

Alderman Bonitz declared that it made no material difference to him what the Board of Audit and Finance did; that if the work was given out by contract as formerly he would ask to be relieved of looking after the work and would introduce a resolution requiring the chairman of the Board of Audit and Finance to see that the work was carried out according to contract and that all complaints should be made to him.

Mayor MacRae said that he was personally in favor of the work being done by contract. After some further discussion along the same line, the meeting adjourned, the members of the two Boards being as far apart as at any time since the abolition of the contract system was first brought up.

Furlong & Company will continue to do the work until some disposition of the matter is made by the two boards.

BRUNSWICK COUNTY TRIAL

Fight Results From Dispute Over Turpentine Timber There.

Information was received yesterday of an interesting trial before Justice Geo. H. Bellamy at Town Creek, Brunswick county, Wednesday afternoon, extending into the night. There were several defendants and the cases were the result of a dispute over certain turpentine timber.

To commence at the beginning of the trouble, J. W. Rabon was indicted July 6th for trespass and found not guilty. Rabon, M. L. Gayney, J. W. Hunter and Dave Holder, the latter a colored man, were working in the woods a few days ago and they charged that they were assaulted with deadly weapons by B. J. Mills, John Paul Mills, Lawrence Mills, W. T. Mills, Thomas Robbins and Randolph Robbins, all white. This was the case investigated by Justice Bellamy Wednesday. He found probable cause and bound the defendants over to the September term of Brunswick Superior court for assault with deadly weapon and forcible trespass. B. J. Mills was also sent up for injury to personal property belonging to M. L. Gayney. They were also required to give peace bonds in the sum of $200 each. Lindsay Walker is surety. The peace warrants were sworn out by Dave Holder, colored. It developed from the testimony that one of the State's witnesses, J. W. Rabon used a deadly weapon in the melee and he was also bound over to Superior court. Dave Holder was tried on this charge several days ago and bound over.

The trial of the cases began at 4:30 o'clock in the afternoon and was concluded at 9:30 that night. W. P. Mangum Turner, Esq., appeared for the prosecution and Woodus Kellum, Esq., for the defendants.

STATE AUDITOR DIXON TO CO.

Will Accompany Fort Fisher Survivors to Reunion at Utica.

At the Moore's Creek celebration on Thursday, Rev. J. A. Smith, of this city, whose heart and soul is in the work, was much gratified to secure a promise from State Auditor Dixon, himself a gallant Confederate soldier, to accompany the North Carolina Survivors to Utica, N. Y., in September. An Associated Press dispatch sent out from Utica Thursday night says:

Utica, N. Y., July 29.—At a meeting of the general committee in charge of arrangements of the reunion of the survivors of Fort Fisher both from the North and the South and the entertainment of the Southern Veterans at the reunion to be held here September 7th, 8th and 9th, the secretary was directed to send invitations to President Taft, Vice President Sherman, Senator Daniels, of Virginia, Congressman Godwin, of North Carolina, Governor W. W. Kitchin, of North Carolina; Governor Hughes, of New York; Rear Admiral Robley D. Evans, Captain Parker, of Perth Amboy, N. J., and General N. M. Curtis, of Ogdensburg, N. Y.

Elaborate preparations are in progress to make the event one of the biggest ever attempted in Utica.

BARGE GUILTY SECOND DEGREE

Jury Deliberated Just a Little Over an Hour—No Sentence Yet—Night Session of Court Held.

After deliberating an hour and twenty minutes the Superior court jury, which had in hearing the case against Ben Barge, Jr., colored, for killing John Phifer, colored, at 10:40 o'clock last night returned a verdict of guilty of murder in the second degree. The verdict is not a surprise to those who heard the evidence. Very few seemed to think that he would be found guilty of murder in the first degree and the number who expected acquittal was equally as limited.

Wm. J. Bellamy, Esq., counsel for the defendant, finished his concluding argument at 7:50 o'clock last night, after which a recess of 30 minutes was taken for supper. Judge Allen began his charge to the jury at 8:30 o'clock, finishing at 9:25 when the case was given over to the 12 men who decided the fate of the prisoner. During the course of the charge Mr. A. S. Holden asked the judge if the jury could change the bill of indictment—that is, find the defendant guilty of less than first degree murder. Judge Allen replied that the three degrees of murder were covered in the bill of indictment and that the prisoner could be found guilty of either murder in the first degree, second degree or manslaughter. After calling attention to what facts were necessary for a conviction in either of three degrees of murder, Judge Allen said that if the jury found that the prisoner did not bring on the necessity for shooting and had reasonable grounds for fearing bodily harm at the hands of Phifer a verdict of not guilty should be returned. He also charged the jury that if it found that Barge was pursuing Phifer prior to the shooting that he would at least be guilty of manslaughter even though he had reasonable ground to fear bodily harm at the time the fatal shot was fired.

At 10:30 o'clock the jury asked for additional instructions and also wanted to hear the evidence of Susan Walker read. The jurors then retired and rendered the verdict 10 minutes later and were discharged by Judge Allen. Sentence will probably be passed today.

When court reconvened yesterday morning at 9:30 o'clock the examination of witnesses for the State was resumed, Susan Tucker, colored, testifying first. She said that Phifer was pursued by Barge, the latter jumping several fences in order to overtake him; that he was demanding of Phifer some money or he would kill him; and that just before the shot was fired Phifer threw 25 cents on the ground. Sallie Philips, colored, corroborated the Tucker woman as to Barge's chase after Phifer. She did not see the shooting, having become frightened and left. Celia Shepard, colored spoke to Phifer after he was shot and he said that Barge shot him. Deputy Sheriff Harvey Cox, who brought Barge back to Wilmington from Jacksonville, Fla., where he had been since the tragedy, was placed on the stand, but his testimony had no material bearing on the case, Barge not making any statement to him regarding the affair. Dr. C. D. Bell, county coroner, was recalled to the stand and asked a few additional questions regarding the examination of the body of Phifer.

The last witness was examined at 11:30 o'clock, when Wm. J. Bellamy, Esq., counsel for the defendant, announced that he would not offer any testimony, relying solely upon the weakness of the State's case. The argument of counsel was then commenced, Mr. Bellamy opening for the defendant. He spoke until 12:55 o'clock, reviewing a portion of the evidence and giving several quotations from legal authorities on self-defense. He contended that the State had failed utterly to make out a case against his client. He laid particular stress upon the testimony of Willie King and John Louis Smith, colored, given at Thursday's session, the witnesses having testified that Phifer had attempted to secure a pistol from them and at the time of the shooting was advancing upon Barge. He was followed by E. M. Koonce, Esq., who spoke for a short time before adjournment for dinner, resuming his argument upon the convening of the afternoon session at 3 o'clock. He argued that there was no evidence of self-defense in the case; that Barge was pursuing Phifer; that the testimony of the witnesses examined yesterday showed that Phifer had been chased over several fences; that the witnesses had not the opportunity the witnesses on Thursday had to "doctor" their testimony. Mr. Koonce was followed by Solicitor Duffy, who reviewed the evidence and made a very strong speech in support of his contention that the deed was premeditated. He closed about 4:30 o'clock, when Mr. Bellamy began his concluding argument, finishing after 7 o'clock last night, after which Judge Allen delivered his charge to the jury.

The members of the grand jury have been summoned to appear in court at 9:30 o'clock this morning. Solicitor Duffy stated yesterday afternoon that he had a mater to bring to their attention.

COLORED METHODISTS MEET

District Conference Held at Trinity Church—Good Collections.

The Wilmington District Conference of the North Carolina Methodist Conference, colored, convened at Trinity church Wednesday evening at 8:30 o'clock and was called to order by District Superintendent G. W. Morehead, who requested Rev. R. P. Roiston, of Charlotte, to conduct devotional exercises, which were joined in by all present.

There were many of the leading ministers of the city churches present, who by their presence gave encouragement to the meeting and the members. Among the visiting brethren from out of the city were: Dr. S. A. Peeler, president of Bennett College; Dr. H. M. Jones, district superintendent of the Raleigh District, and Dr. R. E. Jones, editor of the Southwestern Christian Advocate, New Orleans.

There were also present Rev. Mr. Webster, former pastor of Bladen Street M. E. church, and Messrs. Malloy and Cumming, white citizens of Wilmington. The address of welcome was made in a few simple words by the pastor of the church, Rev. G. B. McLean, which was well received, and the address of welcome to the laymen by Annie C. Johnson.

In the absence of some of those who were to speak, Mr. Malloy, of this city, made a splendid talk which was heartily received by all. It was along the lines of work and union. The addresses of welcome were responded to by Dr. R. P. Roiston, of Charlotte. Dr. R. E. Jones was then introduced by the district superintendent in a few happy remarks and he made one of his soul-stirring speeches which all enjoyed. Dr. Jones' remarks were along the line of the uplift of the race and one of his strongest points was that before we can make much real advancement the negro race must fall in love with itself. The negro who complained because he was black and was doing all he or she could to change their color shows that he is trying to improve on the work of the Almighty and just so long as the race is striving to get away from its color, itself, the negro could make no permanent progress. Some were displeased with their color; some were buying all the bleaching powder they could to help their complexion; these were characterized as enemies to race progress. Dr. Jones made the point that what is needed first is union among themselves, then harmony of action with best white people. The man who teaches otherwise is the greatest enemy of both races.

The editor then made an appeal for subscribers for his paper, which was heartily responded to by many of the audience, irrespective of church affiliations. A church collection was taken up amounting to $700.

Dr. Jones then asked for a collection to aid in the erection of a building for the Southwestern Christian Advocate, which was responded to in the collection of $600. It is hoped that great benefits will come to this struggling church by the presence of this district conference. Benediction was pronounced by Rev. Dr. J. W. Johnson, of this city.

FUNERAL OF MRS. FREEMAN.

Services From First Baptist Church. Interment in Oakdale.

The funeral of Mrs. Arra J. Freeman, whose death occurred Thursday afternoon, was held yesterday afternoon at 5:30 o'clock from the First Baptist church, conducted by Rev. J. A. Smith. The impressive services were attended by a large gathering of acquaintances, and many handsome floral tributes were laid on the casket.

Following the services at the church the remains were laid to rest in Oakdale cemetery. The pall-bearers were, Messrs. W. P. Oldham, W. C. Peterson, C. J. Mitchell, C. C. Brown, F. P. Allen, J. B. Mercer and B. T. Hopkins.

FUNERAL OF MISS WESSELL

Services Conducted From St. Paul's Lutheran Church.

The funeral services of Miss Wilhelmina Wessell, whose death occurred Thursday morning, were held from St. Paul's Lutheran Church at 4:30 o'clock yesterday afternoon, conducted by Rev. W. A. Snyder, pastor of the church. There were present a large number of sorrowing relatives and friends, and there were many beautiful designs. The interment was in Oakdale cemetery. The pall-bearers were: Messrs Martin Schnibben, M. G. Tienoken, John Mayland, Geo. Heyer, August H. Zoeller and Peter Mohr.

That Protested Game.

Wilson, N. C., July 30.—In reference to the protested game between Goldsboro and Raleigh in which President Washington decided that the last game which was won by Raleigh should be thrown out and not counted in the percentage column, the following telegrams were sent and received today:

"Wilson, N. C., July 30th, 1909.
"J. R. Farrell, Secretary, Auburn, N. Y.
"Does the last game of a double header, begun less than two hours before sunset, count in official score?
"T. W. Washington,
"President Eastern Carolina Ass'n."

In reply to the above the following was received here this afternoon:

"Auburn, N. Y., July 30th, 1909.
"T. M. Washington, President, Wilson, N. C.
"See rule 22, in all baseball guides.
"J. H. FARRELL,
"Secretary."

This is the game that the Raleigh papers have taken credit for on the opinion of Grill of the Washington Post.

Fast Game At Fayetteville.

Fayetteville, N. C., July 30.—Wilson took the second game of the series today, score 2 to 0 by timely hitting in a fast game, featured by the pitching of Buckingham. Lohr's long running catch in centrefield was of the sensational order. There was much dissatisfaction with the umpiring of Cooke, who seemed to be badly off.

Score by Innings.

Wilson	010 000 100—2	5 1
Fayetteville	000 000 000—0	5 1

Buckingham and Gilmore; Watters and Galvin; umpire Cooke.

No-Hit Game at Rocky Mount.

Rocky Mount, N. C., July 30.—Luyster in the box for the crew was the bright star of the game today allowing not a single hit and driving the only run of the contest across the pan with a single in the ninth. It was a singular coincidence that a no-hit pitcher should win his own game. Score:

Rocky Mount	000 000 001—1	6 1
Raleigh	000 000 000—0	0 1

Luyster and Conn, and Walsh; Rowe; umpire Barre; time 1:40; attendance 600.

Loose fielding by both teams and in a game rather poorly played by both, the Red Birds captured the second of the double-header, score 5 to 4. A spectacular one hand running catch by Crozier was the fielding feature while Farrell's hit out of the park for a home run came in for its honors, tieing the score:

Rocky Mount	4	8	2
Raleigh	5	12	2

Waymack, O'Gara and Walsh; Brandon and Rowe; Umpire Barre; time 1:40; attendance 750.

UNDERWRITERS' PROGRAMME

Interesting Convention at Seashore Next Week—Turkish Dance.

The programme for the 13th annual convention of the North Carolina Fire Underwriters' Association, which will be in session at the Seashore Hotel, Wrightsville Beach, for two days beginning Wednesday morning has been announced, and it will doubtless prove one of the most interesting of the season.

At the opening session Wednesday morning at 11 o'clock, the address of welcome will be delivered by Hon. John D. Bellamy, of this city, and the response in behalf of the Association will be by Mr. R. W. Murray, of Greensboro. Other routine business matters will be discussed at this session and a committee will be appointed opening session, 11 o'clock an address and make report at the afternoon session, at which time open discussions will be held and new business considered.

On Wednesday evening the Turkish dance at Lumina, which will be given with the compliments of the Tidewater Power Company, will be one of the most brilliant and attractive of these popular special dances this season.

Thursday will be an unusually busy day with the delegates, and at the opening session t 11 o'clock an address will be made by Hon. James H. Southgate, of Durham,, one of the most influential members of the Association and a prominent North Carolinian. Mr. Southgate's theme will be, "Relation of the State Association to the National Association." Business matters and reports will also be considered at this session.

In the afternoon the delegates will attend and exhibition given by the local fire department, at the invitation of the Carolina Insurance Company, and at 5 o'clock, the concluding feature will be a river trip on the steamer Wilmington.

AUTO RIDE FOR DELEGATES.

Commissioners' Association Will See New Hanover Thoroughfares.

At the convention of the State Association of County Commissioners in session here the 11th and 12th of August, the committee arranging for the entertainment of the delegates has decided to give an automobile ride over the New Hanover roads, which will be a distinct feature of the occasion.

It will be a representative gathering of active business men from all parts of the State and it is hoped that the meeting will give encouragement to the proposition for a macadam road between this city and Pinehurst. Chairman McEachern, of the New Hanover commisisoners, will arrange for the trip and it will probably require 35 automobiles to accommodate the crowd.

Embezzlement is Charged.

Alex S. Yager, a Syrian merchant at 609 Castle street, yesterday swore out a warrant against Julius Kennedy, colored, who has been a collector and salesman for Yager for some time, charging him with the embezzlement of $4.90. The trial of the case is set for 10 o'clock this morning before Justice Sykes. Yager also instituted proceedings for the recovery of a pony he sold to the negro some time ago.

State Teachers' Examination.

Among those who recently passed the State examination for High School teachers' certificates are P. C. Cullum, Lumber Bridge; Sylvester G. Rollins, Kenly; Alex H. White, Polloksville; R. McK. Wilson, Goldsboro, as principals; Loula M. Cassiday, Laurinburg; Cora Payne Moore, Burgaw; Francis S. Smith, assistant principals. Out of the 104 applicants only 22 passed for five-year certificates.

CAN'T BE SEPARATED

Some Wilmington People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

B. R. King, police sergeant, 808 Wooster street, Wilmington, N. C., says: "I know Doan's Kidney Pills are a valuable kidney remedy. I used them and they proved of great benefit in relieving the pain in my back and soreness over my kidneys. This remedy stopped these troubles after plasters and liniments had failed. I procured Doan's Kidney Pills at Robert R. Bellamy's drug store and gladly give them my recommendation."

A DELIGHTFUL NORTHERN TOUR.

Personally Conducted to Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec. Four days in New York City, at very attractive rates, via

SEABOARD AIR LINE.

Mr. C. H. Gattis, D. P. A. and Mr. Jas. Ker, Jr., C. P. A., Seaboard Air Line, are arranging what will certainly be the most popular and delightful tour of the season, especially is this so as the party leave the Carolinas on September 1st, 1909, the most delightful time of the whole year to go on your Summer trip, and they will visit all the principal points of interest in the North—Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Saratoga, Ausable Chasm, Four days in New York City, and Philadelphia, and all the New York theatres will be open for the Fall. An attractive feature of this tour will be the trip up the Historic Potomac, passing the Grand Old palatial home of "The Father of His Country."

The trip is to be made at the lowest possible figure consistent with the first-class hotels and other things connected with the tour, which will include railroad fare, Pullman, hotel accommodations, meals, sight-seeing trips, transfers and in fact, everything, with the exception of meals in New York, and a few other minor expenses, nearly all the sight-seeing trips are included. This last feature is a very good one as it will enable the party to spend their time seeing the sights without the bother of the details, which will be looked after by Mr. Gattis and Mr. Ker, both of whom have had wide experience in this branch of the passenger service. Time will be spent in Toronto during the Canadian Exposition, and stops will be made at all points of sufficient length to enable the party to see all the points of interest without hurrying. Mrs. Gattis and Mrs. Ker will chaperone the tour, and ladies should not hesitate to go alone. The tour will prove a most attractive one. A very attractive illustrated booklet containing detailed information can be had upon application by letter or in person to the undersigned, and those interested should write at once, as the party will positively be limited, and those applying first will get the lower berths, so it will be to your advantage to book early. Every detail has been arranged with the view to making this a most delightful and comfortable tour for all.

SPIRITS TURPENTINE

—Magnolia is to have a furniture factory.

—The installation of the new telephone system at Washington, N. C., will cost between $35,000 and $40,000.

—Campbell, Stokes county, July 29. While excavating for the new railway near here recently, a gang of workmen struck one of the richest and largest veins of mica yet found in the State.

—Kenansville News: There is much sitting up going on in the county these nights and it is done by the hard-working tobacco growers. We hope they will make large crops and then get top-notch prices.

—Goldsboro's ever successful tobacco market begins operation August 2nd when all three warehouses will be opened respectively by J. E. Jones & Co., Draper and Russell and E. J. Hester & Co.

—While attempting to cross Shoak creek in a remote section of Yancey county Wednesday night on a footlog, Mrs. Winnie Smith, 22 years old, fell to the stream and was drowned. Mrs. Smith was a bride of a few weeks and a belle of the mountain county.

—Charlotte, July 29.—The business men of this city are making a strong pull for a $200,000 silk mill and there is hope that the efforts will prove successful. It is a New York and New Jersey concern and the terms they require are that $100,000 of the capital shall be raised in Charlotte.

—Kenansville News: Next Thursday, August 5th, is Soldiers' Reunion day at Kenansville. A large crowd is expected and we all hope for a fair day. Col. John L. Bridgers, of Tarboro, will be the orator, and the Brass Band of Wallace will furnish the music. Everybody will be expected to bring baskets and the Daughters of the Confederacy are to meet with the Chapter here as early as possible in the morning at their headquarters.

—Winston-Salem, July 29.—The jury, after being tied up all night and morning, this afternoon returned a verdict of not guilty as to Joel A. Hege, a young farmer charged with riding over and killing Mrs. Fannie Ketner, while the latter was returning from church on the night of September 15th, 1908. The plea of the defense was that the horse ran away and that its owner lost control of the animal.

—Mount Olive Tribune: With a number of manufacturing enterprises, such as the two just organized here—the cotton seed oil mill and crate and barrel manufacturing plant—Mount Olive will not be long in coming into what nature has provided for her. Our wonderful agricultural advantages backed up with a number of manufacturing enterprises! Did you ever give serious pause to this inviting thought? It is wonderfully interesting to us.

—Concord, July 29.—An attempt was made to wreck passenger train No. 30, going north last night about midnight. Crossties were placed across the track at a point near the over-head bridge at the L. M. Morris place, about two miles south of Concord. Failing to do damage to the train rocks were resorted to and many stones were thrown into the train. How the crew knew of the obstruction or prevented a more serious trouble is not known, but evidence goes to prove that a deliberate attempt was made to wreck the train, after which it was rocked by the same persons. So far no clue is had as to who did the dirty work.

—Raleigh News and Observer: The Secretary of the North Carolina Historical Commission has received a letter from Mr. F. W. Ruckstuhl, the eminent New York sculptor, who is executing the marble bust of Governor William A. Graham for the Commission, that he would sail yesterday from New York for Florence, Italy, where the bust is being carved, to put the finishing touches on the work himself. It will be carved from the best Carrara marble, will be one and one-quarter life-size, and will cost when completed, exclusive of the pedestal, $1,000. It will be shipped to America about September 1st, and will be delivered to the Hisorical Commission about the middle of October.

—Elkin Times: The blackberry seems to have come into its own. From figures which we obtained from the Elkin Canning Co., and the A. F. Messick Co.'s purchaser we estimate that the blackberries bought here during the blackberry season will amount to about 11,000 bushels. The price paid for these berries is 75 cents per bushel. The farmers around Elkin then receive for their blackberries the neat little sum of about $8,250. Surely, then, the blackberry briar is not to be despised and sworn at as formerly. It was formerly considered a cumbrance of the soil by the farmers and it was literally a thorn in the flesh of the farmer's son who was sent out with a hoe to clean up the fence corners and the paths. But now it has come to be one of the most profitable by-products of the farm. It requires no cultivation to grow the crop and the berries ripen about the time crops are laid by. The principal part of the crop is gathered by the 25th of July. $8,000 for the farmers around Elkin is not at all bad for a product that, until the last fey years was allowed to go to waste.

Sees Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at R. R. Bellamy's.

Singer Talks

The Difference Between Poor and Good Cabinet Work

¶ It is a fact not generally known that very few sewing machine manufacturers produce their own cabinet work. This is a distinct industry in itself.

¶ The Singer Company owns and operates the largest and best equipped factory in the world, exclusively devoted to the production of the highest grade sewing machine cabinet work.

¶ Only the finest woods procurable are used. To insure the proper selection of these woods, a corps of expert wood rangers is employed, whose duty it is to purchase individual trees, the grain and growth of which entitle them to use in Singer cabinet work.

¶ This is why Singer cabinet work, besides being the most durable, is also the most beautiful,—the Singer process brings out all the richness and natural beauty of the wood.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 30.—After a sharp early advance the prices selling into new high ground for the movement the cotton market turned easier during today's later trading, closing steady net unchanged to 4 points lower. The market opened steady at an advance of 2 to 4 points and sold 10 to 12 points net higher early, with December touching 12.53, 83 points above the low level of last week. This advance was due to strength in Liverpool particularly in the spot market, which reported heavy sales notwithstanding the talk of unfavorable European trade conditions; the renewal of dry, hot weather in Texas; bullish private condition reports covering of shorts, and an active general demand. As soon as outside buying began to "taper off" suggesting that a bullish August bureau report on Monday had been discounted so far as speculative demand is concerned recent buyers turned for profits and as the market eased off, local professionals became sellers for a turn on the theory that liquidation would probably become heavier before the close tomorrow. December contracts broke to 12.36, or 17 points below the high point of the morning and about 7 points net lower, closing at 12.41 bid, which was a final rally of 4 to 5 points, being due to covering by scalping shorts. Two private condition reports were issued during the day, one making the condition 73.8, and the other 75 per cent.

Receipts at the ports today 1,200 bales against 2,856 last week and 6,457 last year; for the week 15,000 bales against 18,877 last week and 28,759 last year. Today's receipts at New Orleans 173 bales against 649 last year, and at Houston 388 bales, against 1,798 last year.

Spot cotton closed quiet, 5 points advance, middling uplands 12.85; middling gulf 13.10; sales 700 bales. Futures opened steady and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 30.—The jobbing market shows a slow and steady improvement in the seasonable demands. The primary cotton goods market is quiet due in part to the imminence of a government crop report. Cotton yarns are selling better. The movement in staple prints continue good. The local wool market is firm with a good demand for anything available.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, July 30.—The dealings at the stock exchange by noon today had overtaken the figure for yesterday's total dealings and the day's total rose to over a million shares. The increased activity of the market was accompanied by great variety in the demand and an imposing but not wholly comprehensive show of strength.

Union Pacific, U. S. Steel, Southern Pacific and Atchison all sold during the day at the highest prices in their history. Commission houses reported some accession of outside demand but the action of the market was suggestive of professional operations. Today's active market was attributed in its broadly underlying impulses to the signing of the conference report on the tariff bill. The movement was helped along by many speculative devices and made swift progress towards the indicated end. One of the devices used proved most effective was the circulation of rumors of the accumulation of this or that stock by some financial magnate for investment.

A sudden jump in Western Union was accompanied by an assertion that an early absorption of that company by the American Telephone and Telegraph Company was in contemplation.

Bonds were firm. Total sales, par value, $4,616,000. United States bonds were unchanged on call. Total sales today 1,069,800 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, July 30.—Money on call easy 1 3-4 to 2 per cent., ruling rate and closing bid 1 7-8, offered at 2. Time loans very active and much firmer. 60 days 2 1-4 and 90 days 2 1-2 to 2 3-4; six months 3 3-4 per cent; prime mercantile paper 3 3-4 to 4 per cent.; sterling exchange weak with actual business in bankers bills at 4.8535 to 4.8545 for 60 day bills and at 4.8690 for demand. Commercial bills 4.84 3-4 to 4.85 1-4. Bar silver 50 7-8. Mexican dollars 44.

Lumber is getting scarce and shingles are not only higher in price, but they are poor in quality.
When you put a roof on your building, it isn't temporary relief and a medium amount of satisfaction that you want, but permanent relief and complete satisfaction.
Amatite is a real mineral surfaced roofing. Get it and you will experience at once what roof satisfaction is and what roofing difficulties can be prevented.
You will find that it needs no painting or attention of any kind after it is laid.
It doesn't pay to patch old roofs when you can get a new Amatite roof at scarcely any greater cost.
Amatite is easy to lay and can be nailed on over the old roof without trouble.
Get a sample of Amatite and do a little investigating. It won't do any harm, and when your roof needs attention or you erect a new building you will be glad to use it.

TARIFF MEASURE

(Continued From First Page.)

cent. higher upon an average than those collected on cottons last year. The rates on cotton hosiery are generally increased.

In the much contested matter of the rate on gloves the high protectionists fail to score.

Sugar and tobacco duties remain substantially as they are under the Dingley law.

There is a uniform increase on spirits, wines and liquors of 15 per cent.

There is an increase on lemons, figs, almonds and pineapples.

Common window glass of the lower sizes in which the imports are heavy, is given a reduction, and where changes were made in the chemical schedule there was a general decrease, except upon such articles as fancy soaps and perfumes, which were increased.

The publishers win their fight for lower wood pulp and print paper, the rate on the ordinary print paper being fixed at $1.75 per ton instead of $6 as under the Dingley law and on the higher grade of print paper at $3.75 instead of $8. Mechanically ground wood pulp is to come in free of duty instead of paying 1-12 of a cent a pound as under the Dingley law, but provision is made for a countervailing duty in case it becomes necessary to protect this country against Canada's inhibitions upon the exportation of woods to the United States.

Hides of cattle come in free and there is a corresponding reduction on leather and leather goods. The House rates are practically retained on sole-leather, leather for uppers, boots and shoes and harness, but the free hide provision is based on the condition that on and after October 1, 1909, sole-leather from the hides that are to be admitted free will pay a duty of 5 per cent.; grain, buff and split leather 7 1-2 per cent.; boots and shoes, the upper leather of which is made from such hides, 10 per cent.; and harness and saddlery, 20 per cent. This schedule of rates will result in a reduction of 15 per cent. on boots and shoes, 20 per cent. on harness and saddlery, 15 per cent. on sole-leather, and 12 1-2 per cent. on leather for uppers, if made of the hides that are put on the free list by the provision. Bituminous coal is reduced from 67 cents to 45 cents a ton.

Clio Easy for Rowland.

(Special Star Telegram.)

Rowland, N. C., July 29.—The locals won a decisive victory over the Clio, S. C., team here this afternoon, by a score of 7 to 3. The features of the game were a sensational catch of a line drive that looked good for three bases by Pittman, Rowland's leftfielder, who doubled a runner on first, and the pitching of Bond, who shut out the visitors for eight innings. Boardman, N. C., July 29.—Boardman won three straight games from Bennettsville, S. C., here this week. The games were warmly contested and interesting and both teams showed up to good advantage. The score on Monday was 5 to 3; Tuesday, 3 to 4, and on yesterday the result of the final contest was 10 to 2. Covington and Covington formed the battery for Boardman on Monday and Wednesday, and on Tuesday Ivey and Covington; for the visitors, McColl, Pate and Graham, Monday; Pate and Graham, Tuesday; McColl and Tucker, Wednesday.

Clarkton Defeats Chadbourn.

(Special Star Correspondence.)

Chadbourn, N. C., July 29.—Clarkton won from Chadbourn in a hard fought game on the former's grounds by a score of 12 to 9. The feature of the game was the sensational playing of Smith and Struthers for Chadbourn and the twirling of Stone, the Lumberton spit ball artist, for Clarkton. Score:

Chadbourn	200 022 003	9	11 5
Clarkton	102 243 000	12	6 14

Batteries: Devane, Freeman and Smith; Stone, Pope and Wooten. Struck out, by Devane and Freeman 7, by Stone and Pope 5; two-base hits, Leonheart and Smith; time 1:40; umpire Hendricks.

PENDER COUNTY VETERANS.

Reunion at Burgaw in September—Address by Maj. John D. Kerr.

Currie, N. C., July 30.—In the hurried account of the Moore's Creek celebration given in this correspondence yesterday, no mention was made of a very enthusiastic meeting of David Williams Camp of Confederate Veterans held in the pavilion in the afternoon, at which Commander J. W. Bowen presided. The feature of interest was a splendid address by Maj. John D. Kerr, of the Junior Reserves, of Clinton, who gave some interesting traditions of the battle of Moore's Creek Bridge and paid beautiful tribute to the Confederate soldier, suggesting a movement for a monument to the Confederate dead either on Moore's Creek battlefield or at Burgaw. His references to the Scotch Highlander loyalists were most interesting, stating that according to all traditions, although it was passing strange that they carried arms, that the forces under Capt. McDonald were not seeking a fight but merely were on their way to Wilmington to join the British and to receive orders. He paid tribute to Laughlin Bethune, a grand uncle of Mr. L. A. Bethune, of Clinton, who authorized him to express appreciation of the tribute paid to the memory of those men, whom the speaker declared deserved as much credit for doing their duty as they saw it as the American patriots who fought for their liberty and independence.

After the address of Maj. Kerr, which was much appreciated by the Veterans, Comrade N. R. Croom announced that at Burgaw on Thursday after the third Sunday in September there would be a reunion of Capt. John McMillan's company, Company B, First North Carolina Battalion and David Williams Camp, U. C. V. He invited all Veterans to be present.
